# Remark® Office OMR

Remark Office OMR is the world's leading scanning software for collecting and analyzing data from plain paper OMR forms. The software collects data from paper forms containing bubbles (OMR), checkboxes, barcodes and printed text (OCR). This flexible and powerful software has been used to process tens of millions of forms since 1991, saving our users countless hours of time!

Scan

- Process with any image scanner or MFP

Design

- Use your own plain paper forms

Analyze

- Collect and analyze your data

① **Design and print your own forms using Microsoft Word or any other software**

② **Scan forms and use Remark Office OMR to recognize data**

③ **Analyze your data or export to the application of your choice!**

- **Eliminate Manual Data Entry**

In three simple steps, Remark Office OMR collects data from "fill-in-the-bubble" forms, such as surveys, tests, evaluations, assessments and other forms quickly and accurately. Take advantage of the built-in analysis reports or export collected data to a variety of popular file formats including Excel, SPSS, CSV and many more. Processing plain paper forms and analyzing data has never been easier!

- **Built-in Analysis and Reports**

Remark Office OMR contains Remark Quick Stats®, a powerful analysis component, used to analyze your data and effortlessly produce professional reports and graphs. All reports can be exported to various formats, including PDF. For easy sharing, reports can also be emailed, so that findings can be viewed and discussed quick and efficiently.

Collect and Analyze Data from Plain Paper Forms

Main Features

- Recognizes bubbles and checkboxes with exceptional patented mark recognition (OMR)

- Automatically recognizes machine printed text (OCR)

- Reads barcodes in many formats

- Image capture for handwritten open ended responses

- Exports data to various formats (SPSS, Access, Excel, XML, CSV, Google Drive, Dropbox and many more)

- Built-in analysis and reports

- Validates data against external databases

Key Benefits

- Eliminate manual processing, resulting in faster turnaround time

- Works with plain paper forms you design and duplicate — no special ink or paper required

- Works with a wide variety of common scanners, no special hardware required

- Reads image files (TIFF, JPG, PDF, PNG) created by multifunction printers, other scanners and scanning apps

- Full-featured reporting capabilities

- Speech recognition for entering handwritten comments or correcting exceptions

- Ability to add data on the fly when processing forms (e.g. a course/session identifier, location, etc.)

About Gravic—Remark Products Group

The Remark Products Group of Gravic, Inc. is a global provider of innovative software solutions for collecting and analyzing data. Since 1991 we have been continually refining and perfecting our solutions for our growing customer base. With over 75,000 customers worldwide, our solutions are versatile and suitable for various markets and industries. What drives our knowledgeable staff and resellers is a passion for providing the best software solution for your data collection needs.
